

# Youth Tractor and Machinery Safety Certification

Youth aged 14 and above are invited to become Hazardous Occupations Order for Agriculture (HOOA) Certified. With this certification, youth can be employed in Agriculture and will learn more about tractor and machinery operations to be safer operators in production agriculture. **To fully complete this course, pre-course work is required and can be completed completely online. Pre-course work is extensive and can be completed throughout the month of May, prior to the in-person testing and driving exam day. The course costs \$40 and includes lunch on testing day.**
